

## AVONBANK PROJECT

# EMPLOYMENT

REGISTER YOUR INTEREST WITH WIM

FACTSHEET NO. 9

## OVERVIEW

WIM's Avonbank operation will have a total operational life of approximately 36 years. This is divided into three key stages:

1. Construction
2. Operations
3. Final rehabilitation and closure

### *Roles during the Construction Stage (12 months)*

During the construction stage there will be a requirement for over 200 personnel to be onsite, for a period of twelve months. Trades and service providers that will be required include:

- ◆ Boilermakers
- ◆ Fitters
- ◆ Electricians
- ◆ Steel fabrication
- ◆ Surveyors
- ◆ Concreters
- ◆ Plumbers
- ◆ Road construction
- ◆ Heavy lifting equipment
- ◆ Truck drivers
- ◆ Environmental staff
- ◆ Traffic management
- ◆ Occupational health and safety staff
- ◆ Food local service providers
- ◆ Administration staff
- ◆ Human Resources

## WORK FOR US

WIM Resource Pty Ltd (WIM) is a private mineral sands resource development company, with projects located along the southern edge of the Murray Basin in Victoria.

WIM is an equal opportunity employer and to be considered for a position you must be an Australian or New Zealand citizen, Australian permanent resident, or hold an eligible visa.

To register your interest in future vacancies at the Avonbank Project, please email your area of interest and a copy of your CV to [admin@wimresource.com.au](mailto:admin@wimresource.com.au)

---

### *Roles during the Operational Stage (33 years)*

---

During the operational stage, which will run for thirty-three years, WIM expects that approximately 230 personnel will be required on the mine site, operating 24/7, year-round. WIM anticipates servicing this requirement with the local skills base in Horsham and the wider Wimmera Southern Mallee region.

The Avonbank mine will provide an opportunity to locals in the regional to become an integral part of a multi-generational mine, and still have a work-life balance, whilst living in the region.

#### Roles that WIM anticipates will include:

- ◆ Earth moving equipment operators
- ◆ Process plant operators
- ◆ Boilermakers
- ◆ Fitters
- ◆ Electricians
- ◆ Steel fabrication
- ◆ Truck drivers
- ◆ Environmental staff
- ◆ Occupational health and safety staff
- ◆ Food local service providers
- ◆ Geologists
- ◆ Mining engineers
- ◆ Surveyors
- ◆ Administration staff
- ◆ Laboratory technicians
- ◆ Metallurgists

---

### *Roles during the Final Rehabilitation and Closure Stage (3 years)*

---

During the final rehabilitation and closure phase, which will run for three years, WIM anticipates requiring a combination of the skill sets as outlined for the construction and operational phases of the Avonbank mine.
